What this includes

Token status

Permission status

Expiry date

Owner and escalation

Status fields

Track platform, destination, brand, owner, token status, permission status, expiry date, last checked date, and next action.

Health colors

Green means healthy. Yellow means warning. Red means blocked. Gray means unknown because the connection has not been checked recently.

Review cadence

Check high-risk destinations daily, all destinations weekly, and ownership monthly.

How to use this resource

Make a copy of the structure, adapt the fields to your team, and review it during your weekly publishing meeting. If a field does not help a real decision, remove it. If a repeated mistake keeps happening, add a field that makes the risk visible.
